Public Safety Notice
Be Alert!

With everyone's attention on the 100th Running of the Indianapolis 500, Graduation Open Houses and Memorial Day Weekend Parties, please be vigilant and reduce your risk of being a victim. Last weekend, there were two burglaries that occurred near the Pennridge neighborhood.

The police have adjusted their patrols accordingly. Although patrols serve as a deterrent, the best deterrent is to report suspicious behavior and eliminate opportunities for thieves....

- *Call 9-1-1* to report ANY suspicious vehicles or activity *when it's happening.*
- Install motion detector lights
- If going out of town, leave lights on at night, cancel paper and mail, ask your neighbor to keep an eye on your house, and call the **Meridian Hills Police** at **317-253-5678** to submit a *Vacation Notification*
- If you have an alarm, activate it when you're away from your house and when you're sleeping
- Keep your car, shed, garage, service doors and house locked
- Don't leave keys, garage door openers, or valuables in your car

Trust your instinct and call *immediately!* Reports of suspicious vehicles or people can prevent a crime and help catch a criminal. Please call the non-emergency police number **327-3811** to report an incident after it happens. It's important to report *every* incident so police can review the calls, study the patterns, and adjust their patrols.

The Town of Meridian Hills is a *great* place to live and one of the safest communities in Indianapolis. Criminals go where people have nice things and where they prey on easy targets. Don't be an easy target. Stay Safe!
