

"Vote Incorporation of Meridian Hills"

**Indianapolis Star**

Published August 15, 1937

Residents of Meridian Hills, residential section north of the city, voted overwhelmingly in favor of incorporating the district into a town, an unofficial tabulation of votes cast in an election yesterday showed last night.

Voting was held in the home of Verne A. Trask, 160 East 71st Street, the polls opening at 9 o'clock in the morning and closing at 4 o'clock in the afternoon. Approximately 75 votes were cast out of an eligible list of nearly 100 resident voters.

Moves to incorporate the community into a town started in November, 1933, but litigation prevented the petition of property owners from going to an election.

Mrs. Trask, Mrs. Allen V. Steakhouse and Mrs. Rudolph J. Roller were inspectors during the voting.
